Half of these original designs incorporate the color-by-number concept; the rest include an un-numbered version of the illustration for sheer creative coloring license. Increasing the thrill are hidden images that reveal themselves as the designs are colored in. Each creates a frame-worthy finished product! Includes 23 perforated pages; 8 fold-out pages extend to a 10" x 15" size.

From reader reviews:

Thelma Martin:

In this 21st millennium, people become competitive in every way. By being competitive now, people have to do something to make them survive, being in the middle of often the crowded place and notice by surrounding. One thing that at times many people have underestimated that for a while is reading. Sure, by reading an e-book your ability to survive improves then having a chance to stay than other is high. In your case, who wants to start reading some sort of book, we give you that Color Counts: Garden book as basic and daily reading e-book. Why, because this book is greater than just a book.

Howard Foster:

Are you kind of a busy person, only have 10 or maybe 15 minutes in your day to upgrading your mind skills or thinking skills actually analytical thinking? Then you have a problem with the book compared to can satisfy your short time to read it because pretty much everything you only find a publication that needs more time to be examined. Color Counts: Garden can be your answer given it can be read by an individual who has those short time problems.

Daphne Jones:

Within this era which is the greater particular person or who has ability in doing something more are more important than others. Do you want to become one of them? It is just a simple method to have that. What you should do is just spending your time not very much but quite enough to possess a look at some books. Among the books in the top listing in your reading list will be Color Counts: Garden. This book and that is qualified as The Hungry Mountains can get you closer in getting a precious person. By looking upward and reviewing this book you can get many advantages.

James Butler:

As we know that a book is an essential thing to add our knowledge for everything. By a guide we can know everything you want. A book is a range of written, printed, illustrated or perhaps blank sheet. Every year has been exactly added. This reserve Color Counts: Garden was filled with regards to science. Spend your spare time to add your knowledge about your science competence. Some people have various feelings when they read a book. If you know how big a benefit of a book, you can experience joy to read an e-book. In the modern era like today, many ways to get a book that you wanted.
