Breathing under Water - Respirando bajo el Agua Felicitas María Ordoñez Fragueiro

"Breathing under Water" is the portrait of a journey. Evidence of a spirit that aches for Wisdom, and love, and life... There is dreaming, there is hurting, there is healing. Poems and drawings are displayed in chronological order, according to their real moment of creation. It is both in English and in Spanish because I didn't want any original piece to get lost by choosing either language. I added a translated version underneath each one. This all under the intention of making it as honest and straightforward as it could be. For, in the end, it is really nothing else, but a confession.
