Jest for the Halibut F.H. Fellhauer

More than fifty years ago, when I started collecting, and sometimes trying to write bits of humor, such as jokes, anecdotes, funny verse, cartoons, and epigrams. In the course of selling this type of material to publishers of house organs, newsletters, small newspapers and magazines, I branched out into other kinds of fillers; i.e., items editors could use to fill the blank part of a page in their publication. So, not everything in what appears to be a book of humor is funny. We have, however, tried to collect items which are inspirational, uplifting or entertaining. We make no apologies for those items we wrote ourselves. When one has a deadline, it has to be met. Upon retirement, with no more deadlines to meet, computers just starting to simplify rewriting, and desktop publishing becoming affordable, I started a little publication we call The Funny Paper. Its avowed purpose is to encourage budding authors of all ages to become published authors by writing humor and other kinds of filler material. Sixty-one editions later, we realized that in our files we had a golden treasury. We needed a title, and we found one, tucked away in the recesses of our memory. Jest For The Halibut is dedicated to all those who write, try to write, or want to write, and especially to those who have had attained some success with humor This is the kind of book that should be in every library.
