## **Photos, Poems, and a Little Bit of Prose** Jerry Kiesow

How is this book different? Well . . . it combines three forms of artistry - photography, poetry, and prose. I do not believe any other book has ever done that before. What will you find within this unusual combination, and how might they impact how you enjoy this book? Well . . . each and every poem, long or short, has at least one image to accompany the words and enhance the entire content (remember a photo is worth 1000 words - or so they say) - even the verse with only 13 words. Then at the end of each composition there are a few words of prose to explain the whys and/or wherefores of each offering. Keep a Good Thought!
