Wren is living in Greenstone under the temporary care of Charles and Mol, and the protection of Chapel. Unable to determine the fate of his mother and those he left behind in Morningside, Wren believes there is nothing left to do but wait for Asher's final blow ... until a man named Haiku walks into the Samurai McGann, looking for Three.

After learning of Three's fate, Asher's ascension, and Wren's gift, Haiku offers his help, and together they set out to find the remnants of House Eight and convince them to help.

As Cass and the few who survived the fall of Morningside face overwhelming odds to escape Asher and the Weir, they realize it is impossible...until their daring and probably suicidal plan to strike turns out to have surprising results and unexpected discoveries.
