Gold Standard In Theory & History Barry Eichengreen

Since the successful first edition of *The Gold Standard in Theory and History* was published in 1985, much new research has been completed. This updated version contains five new essays including:

- * post 1990 literature on exchange rate target zones
- * a discussion of the light shed by the gold standard on the European Monetary Union debate
- * a new introduction by Eichengreen with Marc Flandreau

This will be an invaluable resource for students of macroeconomics, international economics and economic history at all levels.
