10 BEST Artistic Nude Photo Digital Manipulations by Larry Murk I, Larry Murk, graduated from Stanford University in 1987 with a bachelors degree in computer science. In 2000 I suffered an accident that caused a spinal cord injury leaving me a quadriplegic. Luckily I can still control my arms enough to operate a computer reasonably. I have always been interested in art and being confined to a wheelchair has led me to explore the world of digital image creation. My image editor of choice is named GIMP. GIMP is very similar to Photoshop except that it is FREE so I highly recommend everyone try it out. Every image in this book was created by my editing a photograph. In each case I was given permission to create a video tutorial showing how I altered the photograph. Each image has a link to the video tutorial on Youtube, the original photo, the model and the photographer (when available). I hope you enjoy sharing these images as much as I enjoyed creating them. All pictures are original works created by the author Larry Murk. These works are copyrighted and may not be redistributed or sold without the express written authorization of Larry Murk. WARNING: This book contains images with nudity and is recommended for ADULTS.
