Under the leadership of Lawrence L. Yeung, MD, with contributions from 27 leading urologists, Choe's Urology contains the most up-to-date content to prepare candidates for the oral exam and to teach residents during their training.

Whether preparing to take the American Board of Urology oral exam or using clinical cases to highlight important diagnosis and treatment issues, Choe's Urology is the proven resource for learning and retention.

The fourth edition includes 95 updated new cases in over 450 pages with systematic analysis to help you prepare for the Oral Board. Cases are presented in a similar style to the actual oral examination format.

- » How does the condition originate?
- » What lab tests are appropriate?
- » What are the treatment recommendations?
- » What are the systemic symptoms?
- » What surgical techniques do you use?
- » What are the complications?
- » What is your follow-up?
