This newest title in the wildly popular Spotter's Guide series leads readers through the distinct field marks of flatulence in the latter years of life, from "The Crank" (the fart that chases pesky kids—and everyone else—off the lawn) through "The ReAnimator" (the sudden eruption of post-holiday meal flatulence that brings Great Aunt Gladys back from the brink). Each spread is devoted to a singular fart profile and includes helpful information such as age of onset, key characteristics for identification, and prominent subtypes. Detailed "in situ" illustrations and ten distinct push-button sounds complete this indispensable reference to farting happily and healthfully into the autumn years of life.
