Originally published in 1991 and now reissued by Continuum International, this book consists of three sections. The first, written in 1939, was either left out of Elias's most famous book, *The Civilizing Process*, or was written along with it. Part 2 was written between 1940 and 1960. Part 3 is from 1987. The entire book is a study of the unique relationship between the individual and society--Elias's best-known theme and the basis for the discipline of sociology.
