The Omega Point Trilogy George Zebrowski

6599 A.D. The war between the Earth Federation and the Herculean Empire had been over for more than three centuries. The planet in the Hercules Globular Cluster was a cinder; the few descendents of the surviving Herculeans lived on Myraa's World, half a galaxy away, in what seemed to be a religious commune. But on an unnamed planet, deep within the Hercules Cluster, two survivors, father and son, gather their resources and plan reign of terror against Federation worlds. But the woman Myraa has a different vision- one which excludes empires and warring armies. Subtly, she strives to shape events toward a different end. Rising to one the most unusual climaxes in recent fantastic literature, this novel of chase and vengeance depicts a colorful, poetic future which is struggling to overcome its past. Filled with striking twists and vivid ideas, this is space opera at its most modern.
