**Colour Dynamics: Workbook for Water Colour Painting and Colour Theory (Art & Science)** Angela Lord

This workbook is based on Goethe's and Rudolf Steiner's color research. Angela Lord invites readers to develop their own color insights through materials and techniques; exploration of colors; painting rainbows; color clashes; complementary colors; after-images; painting the color circle and complementary colors; enhancing colors; a new color circle; the interplay of light and dark, and sunrise and sunset; color dynamics; and composition, an overview of color through history; watercolor painting and the Steiner Waldorf curriculum. Also included is a section of resources, a glossary, and references.

The clear, well-explained texts lead readers through a series of experiments, exercises, and techniques. Beginners will enjoy the discovery of color, while teachers and therapists will value this resource and its sparkling insights.

*Colour Dynamics will be useful for art students, painters, teachers, beginning artists, art therapists, interior designers, and those with an interest in Goethean studies.*
