Doctor Who: Classic Doctors, New Monsters: Volume 1 Phil Mulryne, Simon Barnard, Paul Morris, James Goss

A brand new boxset of four adventures, featuring monsters from the new series of Doctor Who! 1.1 **FALLEN ANGELS** by Phil Mulryne. 2015: When sightseers Joel and Gabby Finch encounter a strange man in Edwardian cricketing garb in the Sistine Chapel, their honeymoon suddenly takes a terrifying turn. 1511: Michelangelo is commissioned to create some very special sculptures by a mysterious sect. But as he carves, angels seem to emerge fully-formed from the rock. Almost as if they are alive. From Michelangelo's workshop to the catacombs of Rome, the Fifth Doctor must keep his wits about him and his eyes wide open as he confronts the Weeping Angels. 1.2 **JUDOON IN CHAINS** by Simon Barnard and Paul Morris. The Sixth Doctor is no stranger to courtroom drama, but faces a very different challenge when he prepares to defend a most unusual Judoon. After an environmental clearance mission goes wrong, Captain Kybo of the Nineteenth Judoon Interplanetary Force is stranded in Victorian England, bound in chains, an exhibit in a circus show. But he has allies: Eliza Jenkins - known to audiences as 'Thomasina Thumb' - and the larger-than-life 'clown' in the colourful coat. Uncovering a trail of injustice and corruption, the Doctor and Kybo soon find themselves on trial for their lives. 1.3 **HARVEST OF THE SYCORAX** by James Goss. In the far future, humanity has a remedy for everything. Whatever the problem, Pharma Corps has the answer and a designer disease tailored to every human's blood-type. Zanzibar Hashtag has no need to be sad, scared, stressed, or depressed ever again. That is, until vicious aliens arrive on her space station intent on opening its Vault. What will it mean for the human race if the Sycorax take control of what's inside? And when the Seventh Doctor arrives on the scene, can he convince Zanzibar to care about her life long enough to help him? 1.4 **THE SONTARAN ORDEAL** by Andrew Smith. An instant of the Time War brings centuries of conflict to the planet Drakkis, and the Eighth Doctor is there to witness the terrible results. A Sontaran fleet, desperate to join the epic conflict, follows in its wake to take advantage of the fallout. But when Commander Jask is beamed down to the ravaged surface, there is more to his arrival than first appears. Soon, an unlikely champion joins forces with the Time Lord to fight for the future of her world, and together they must face the Sontaran Ordeal. This epic release brings together elements of the TV Doctor Who series both classic (viewed as the era up to 1996) and the 2005 revival. Writer James Goss is the novelist trusted by the Douglas Adams estate to adapt several of the late author's Doctor Who works to book form. This set includes a number of actors recognised by fans for their work in various cult TV shows - Josette Simon (Blake's 7), Trevor Cooper (Star Cops), Dan Starkey (Doctor Who), Christopher Ryan (The Young Ones). CAST: Peter Davison (The Doctor), Colin Baker (The Doctor), Sylvester McCoy (The Doctor), Paul McGann (The Doctor) Sacha Dhawan (Joel Finch), Diane Morgan (Gabby Finch), Matthew Kelly (Michelangelo), Joe Jameson (Piero), Nicholas Briggs (Captain Kybo), Kiruna Stamell (Eliza Jenkins), Trevor Cooper (Jonathan Jagers Esq), Tony Millan (Justice Burrows/Jonty), Sabina Franklyn (Herculania), Nicholas Pegg (Business Owner), Nisha Nayar (Zanzibar), Jonathan Firth (Cadwallader), Rebecca Callard (Shadrak), Giles Watling (The Sycorax Chief), Josette Simon (Sarana Teel), Dan Starkey (Jask), Christopher Ryan (General Stenk/Fritch), Sean Connolly (Tag Menkin/Ensign Stipe).
