Rigging, Hoisting, and Signaling Practices In Partnership with NJATC

Rigging, Hoisting, and Signaling Practices is an introduction to the equipment, calculations, and procedures required for the safe handling and transportation of materials by hoists or cranes. This textbook is relevant for all personnel involved in lifting operations and can be used as part of a training program for certification preparation. Topics include industry standards and certifications, crane types and dynamics, signaling procedures, lift planning, weight and balance, sling loads, rigging components, equipment handling, hoists, and lifting procedures.
