Here you'll find quick, reliable costs for cabins, homes, stores, medical offices, supermarkets, farm buildings, greenhouses, manufactured homes, fire stations, libraries, churches, and government buildings.

All you need to do is measure the number of square feet, identify the building type, along with the construction material, design features and class of construction.

Includes a FREE CD-ROM with an estimating program that works just like the book. Use the regional cost adjustment factors to tailor your estimate to any area in the U.S. or Canada.

This is the perfect book for anyone looking for quick, easy appraisals, or building cost estimates based on square feet.
