Bastard Keynesianism: The Evolution of Economic Thinking and Policymaking since World War II (Contributions in Economics and Economic History) Lynn Turgeon

The thinking of John Maynard Keynes is still relevant to successful development of the advanced capitalistic system as is shown by evolution of economic thinking since World War II. The changes in economic thinking in the United States and in the world are described, with a chapter devoted to each presidency from Eisenhower to Clinton. The importance of Military Keynesianism in winning the Cold War is described along with similarities and differences between the various national administrations.
