## **Raptor Apocalypse (The Raptor Apocalypse) (Volume 1)** Steve R Yeager

A. J. "Jesse" Prieo, a small town Deputy Sheriff, led a life of comfort with a loving family by his side. All that changed in an instant when genetically engineered creatures were set loose on an unsuspecting world. The creatures, terrifyingly similar to velociraptors, were cynically designed to remove humanity's surplus numbers. The situation soon spiraled out of control, and these 'Raptors' quickly became the new apex predator. In this lawless new world 'Justice' has become a forgotten term. Small pockets of civilization remain, but they are few and far between. Most are run by those ruthless enough and mad enough to claw their way to the top. Jesse Prieo still holds on to a personal code. He is not a ruthless man. He is not interested in gaining power. But he will do whatever it takes to lay his ghosts to rest and bring justice to the world. Helped by Cory Melkin, a former radical; Evelyn Phelps, a woman of many hidden talents; and Kate, a lost child who knows more than she is saying, Jesse must survive long enough to uncover the dark secrets that led to The Raptor Apocalypse and prevent the extinction of the human race. The Raptor Apocalypse is the first book in The Raptor Apocalypse series and contains mature themes and violence.
