ISO/TC 67/SC 4

ISO 13533:2001, Petroleum and natural gas industries - Drilling and production equipment - Drill-through equipment ISO/TC 67/SC 4

This International Standard specifies requirements for performance, design, materials, testing and inspection, welding, marking, handling, storing and shipping of drill-through equipment used for drilling for oil and gas. It also defines service conditions in terms of pressure, temperature and wellbore fluids for which the equipment will be designed. This International Standard is applicable to and establishes requirements for the following specific equipment: ram blowout preventers; ram blocks, packers and top seals; annular blowout preventers; annular packing units; hydraulic connectors; drilling spools; adapters; loose connections; clamps. Dimensional interchangeability is limited to end and outlet connections. Typical equipment defined by this International Standard is shown in Figures 1 and 2; recommendations for failure reporting are outlined in annex F. This International Standard does not apply to field use or field testing of drill-through equipment.

From reader reviews:

Eileen Lopez:

As people who live in the actual modest era should be revise about what going on or facts even knowledge to make them keep up with the era which is always change and make progress. Some of you maybe will certainly update themselves by reading through books. It is a good choice for you but the problems coming to you actually is you don't know what kind you should start with. This ISO 13533:2001, Petroleum and natural gas industries - Drilling and production equipment - Drill-through equipment is our recommendation to help you keep up with the world. Why, as this book serves what you want and need in this era.

William Emmer:

Information is provisions for individuals to get better life, information nowadays can get by anyone on everywhere. The information can be a know-how or any news even a problem. What people must be consider while those information which is inside the former life are challenging to be find than now could be taking seriously which one is suitable to believe or which one the particular resource are convinced. If you have the unstable resource then you have it as your main information we will see huge disadvantage for you. All those possibilities will not happen inside you if you take ISO 13533:2001, Petroleum and natural gas industries - Drilling and production equipment - Drill-through equipment as the daily resource information.

Geraldine Louis:

You can obtain this ISO 13533:2001, Petroleum and natural gas industries - Drilling and production equipment - Drill-through equipment by go to the bookstore or Mall. Only viewing or reviewing it could to be your solve difficulty if you get difficulties for ones knowledge. Kinds of this guide are various. Not only by means of written or printed but can you enjoy this book simply by e-book. In the modern era similar to now, you just looking of your mobile phone and searching what their problem. Right now, choose your own personal ways to get more information about your book. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose correct ways for you.

Henry Vance:
