**Philosophy and Freedom: Derrida, Rorty, Habermas, Foucault (Studies in Continental Thought)** John McCumber

John McCumber asserts that the true target of philosophical liberation is to break the structures of domination that have been encoded in western civilization. Because of the emancipatory nature of their thought, Derrida, Foucault, Habermas, and Rorty challenge domination, but they do not see their challenge clearly and it does not rise to the level of conscious critique in their writings. Using Nietzsche's writings on "the great liberation" as a starting point, McCumber captures the valuable, but elusive insights of these thinkers and places them in the larger, pluralistic movement toward philosophical freedom.
