The Everglades: River of Grass Marjory Stoneman Douglas

The Everglades: River of Grass, first published in 1947, begins with the famous passage: “There are no other Everglades in the world,” and continues with a fascinating look at the natural and human history of the Florida Everglades. The book portrays, in layperson's terms, the ecology of the Everglades, its important plant and animal life, its long Native American history, the coming of the Spanish, its early settlements, and the modern attempts of drainage and development, typically with disastrous results. This landmark book redefined public opinion of the Everglades from that of 'worthless swamp' to one in which the Everglades are valued as a unique ecological treasure of vital importance to the health of southern Florida. *The Everglades: River of Grass* remains essential reading for anyone interested in the history and conservation of this vast wilderness. Included are 2 maps. In addition to researching and writing this book, author Marjory Stoneman Douglas (1890-1998) played an important leadership role in the effort to protect the Everglades from development, and she was active in other social causes as well (civil rights, women's rights) during the course of her long life. She was the recipient of numerous awards, including the Presidential Medal of Freedom in 1983.

From reader reviews:

Brittany Belliveau:

Here thing why that The Everglades: River of Grass are different and reputable to be yours. First of all looking at a book is good but it depends in the content than it which is the content is as scrumptious as food or not. The Everglades: River of Grass giving you information deeper and in different ways, you can find any guide out there but there is no book that similar with The Everglades: River of Grass. It gives you thrill reading through journey, its open up your current eyes about the thing this happened in the world which is might be can be happened around you. You can easily bring everywhere like in park your car, café, or even in your means home by train. If you are having difficulties in bringing the imprinted book maybe the form of The Everglades: River of Grass in e-book can be your alternative.

Harley Campbell:

Nowadays reading books be than want or need but also turn into a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book that improve your knowledge and information. The data you get based on what kind of e-book you read, if you want attract knowledge just go with education books but if you want truly feel happy read one together with theme for entertaining including comic or novel. The actual The Everglades: River of Grass is kind of book which is giving the reader erratic experience.

Melissa Gusman:

Many people spending their time frame by playing outside together with friends, fun activity using family or just watching TV the entire day. You can have new activity to shell out your whole day by examining a book. Ugh, think reading a book can definitely hard because you have to use the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Smart phone. Like The Everglades: River of Grass which is keeping the e-book version. So , why not try out this book? Let's observe.

Lucille Yang:

Do you like reading a publication? Confuse to looking for your favorite book? Or your book seemed to be rare? Why so many query for the book? But any kind of people feel that they enjoy to get reading. Some people likes reading, not only science book but in addition novel and The Everglades: River of Grass or maybe others sources were given expertise for you. After you know how the great a book, you feel would like to read more and more. Science guide was created for teacher or maybe students especially. Those ebooks are helping them to include their knowledge. In additional case, beside science e-book, any other book likes The Everglades: River of Grass to make your spare time considerably more colorful. Many types of book like this.
