Diagnostic and Therapeutic Cardiac Catheterization

Diagnostic and Therapeutic Cardiac Catheterization

Designed for those fairly experienced in catheterization who need to hone their skills, one third of the book is devoted to use of catheterization in a specific clinical state. Information on activity in the area of laser and other mechanical devices for catheter revascularization is also included. In this second edition, the chapter on coronary angioplasty has been rewritten and expanded, and information from AHA/ACC Task Force on Cardiac Catheterization has been incorporated.
