Testing Treatments: Better Research for Better Healthcare Imogen Evans, Hazel Thornton, Iain Chalmers, Paul Glasziou

The second edition of *Testing Treatments* has been extensively revised and updated with a thought-provoking chapter on screening, explaining why early diagnosis is not always better. Other new chapters explore how over-regulation of research can work against the best interests of patients, and how robust evidence from research can be drawn together to shape the practice of healthcare in ways that allow treatment decisions to be reached jointly by patients and clinicians.
