Ferry Down Brian Callison

From a master of maritime adventure and suspense comes an engrossing and alarming tale of disaster on a North Sea ferry. The passengers boarding the Orion Venturer have no idea that the sturdy-looking ferry that is to take them on the 24-hour voyage across the North Sea from Britain to Sweden is a disaster waiting to happen. Sailing under a flag of convenience, she has been hastily converted by her new owners, having spent the last twenty years as a casino ship working out of Florida. Safety regulations have been met - in theory - but many vital corners have been cut. Worse, her multinational crew has been put together even more quickly - and cheaply. Many crew members have no experience at sea and little knowledge of English. Few have had time to familiarise themselves with the ship well enough to be of any use in an emergency. All it would take is one act of folly to initiate a chain of events leading to a maritime tragedy too terrible to imagine...Filled with tension that builds with every passing second, Ferry Down is the relentlessly fast-moving new thriller from one of Britain's most acclaimed writers of maritime adventure - the vivid and disturbingly plausible realisation of every sea traveller's nightmare.

From reader reviews:

Teddy Mendoza:

Have you spare time for a day? What do you do when you have a lot more or little spare time? Yes, you can choose the suitable activity for spend your time. Any person spent their own spare time to take a stroll, shopping, or went to the Mall. How about open or even read a book eligible Ferry Down? Maybe it is being best activity for you. You know beside you can spend your time with the favorite's book, you can wiser than before. Do you agree with it has the opinion or you have different opinion?

Sandra Hughes:

As people who live in the actual modest era should be upgrade about what going on or info even knowledge to make these individuals keep up with the era and that is always change and move ahead. Some of you maybe will certainly update themselves by reading books. It is a good choice for you but the problems coming to you actually is you don't know which you should start with. This Ferry Down is our recommendation so you keep up with the world. Why, as this book serves what you want and need in this era.

Shirley Raine:

Nowadays reading books become more and more than want or need but also work as a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book this improve your knowledge and information. The information you get based on what kind of publication you read, if you want have more knowledge just go with education books but if you want experience happy read one using theme for entertaining like comic or novel. Typically the Ferry Down is kind of guide which is giving the reader unpredictable experience.

Walter Burchett:

Your reading sixth sense will not betray an individual, why because this Ferry Down publication written by well-known writer whose to say well how to make book that could be understand by anyone who have read the book. Written in good manner for you, leaking every ideas and composing skill only for eliminate your current hunger then you still skepticism Ferry Down as good book but not only by the cover but also from the content. This is one book that can break don't evaluate book by its include, so do you still needing another sixth sense to pick this particular! Oh come on your looking at sixth sense already alerted you so why you have to listening to yet another sixth sense.
