## **Temas de gramática española para estudiantes universitarios: Una aproximación cognitiva y funcional (Spanish Edition)**

Este libro presenta al estudiante de español una explicación funcional de algunos de los temas centrales de la gramática española que más preocupan al aprendiente de español como segunda lengua y, a la vez, una introducción a los principios básicos de la Lingüística Cognitiva, ilustrados a través de su aplicación al español. El libro contiene un capítulo introductorio que plantea los orígenes y postulados básicos de la Lingüística Cognitiva y diez temas claves, la mayoría de los cuales giran alrededor del verbo. El libro se dirige en primer lugar a los estudiantes universitarios de español que han pasado los primeros estadios, pero puede ser utilizado por todos los que quieran profundizar sus conocimientos de la gramática española, ponerse al tanto de las nuevas formas del análisis gramatical o explorar la relación entre lengua y pensamiento.

#### **Tara Winston:**

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library as well as to make summary for some publication, they are complained. Just tiny students that has reading's internal or real their interest. They just do what the educator want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring as

well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Temas de gramática española para estudiantes universitarios: Una aproximación cognitiva y funcional (Spanish Edition) can make you feel more interested to read.
