Night and Day (Naxos Complete Classics) Virginia Woolf

Written before she began her experiments in the writing of fiction, Virginia Woolf's second novel, *Night and Day*, is a story about a group of young people trying to discover what it means to fall in love. It asks all the big questions: What does it mean to fall in love? Does marriage grant happiness? What is happiness? *Night and Day* is a conventional novel; however, it maps out for us the world of Virginia Woolf in its wondrous prose: for her it was the beginning, leading on to a prolonged engagement with her search for the means to express the 'inner life'
